Objective

Motivated 2nd-year Mechatronics Engineering student with a strong interest in robotics, automation, and embedded systems. Seeking an internship opportunity to apply technical knowledge in real-world applications, enhance hands-on skills, and contribute to innovative engineering solutions while continuously learning emerging technologies.

Education

B.E. Mechatronics Engineering

Sri Krishna college of engineering and technology, Coimbatore

2024 – 2028

- Current Year: 2nd Year
- Relevant Subjects:
 - Control Systems
 - Robotics
 - Embedded Systems
 - Sensors & Actuators
 - Java
 - Thermodynamics
 - Machine Design

Technical Skills

- Programming: Java (basic), C++ (Basic)
- Software tools : Arduino, MATLAB (basic), Simulink, SolidWorks, ABB Robot Studio, AutoCAD, Proteus 8 Professional, Capcut
- Core Areas:
 - Robotics
 - Automation
 - Electronics Basics

Projects / Practical Work

1. [Obstacle Avoidance, Bluetooth Control Robot]

- Built a basic robot prototype using sensors, Bluetooth and Arduino
- Implemented simple control logic
- Using The motor drivers, Ultrasonic Sensor and Bluetooth module

2. [Ai Model Assistant Using Ollama]

- Worked on Building An AI assistant using Ollama AI Engine And Coded it VSCode
- Successfully completed till recognition by text input.

Interests

- Robotics & Automation
- Embedded Systems
- Learning new technologies in mechatronics

Strengths

- Quick learner
- Strong interest in practical applications
- Teamwork and problem-solving

Languages

- Tamil
- English
